User >

**fields** string

List of fields to return.

To add several fields, separate each value with a comma (i.e. `created_time,owner`).

### Sample of possible values:

`created_time`  
`description`  
`id`  
`name`  
`owner`  
`private`  
`updated_time`

`video_total`

See the [exhaustive list of possible values and their description](#).
