parameters

PLAYER IOS SDK

iOS SDK - Player methods

iOS SDK - Player events

iOS SDK - Player states

```
publish_da
te
 published
 url
```

See the
exhaustive
list of
possible
values and
their
description.

availability
boolean

Filter - Limit
the result set
to available
videos.

channel
string

Filter -

Limit the
result set to
this
category.

**Possible
values:**

```
 animals
 auto
 creation
 fun  kids
 lifestyle
 music
 news
 people
```

iOS SDK - Player runtime parameters

school

shortfilms

sport

tech

travel tv

videogames

webcam

See all video categories.

created_aft er
string

Filter - Limit the result set to videos created after this date and time.
Timestamp sample value:
 1287507036

created_bef ore
string

Filter - Limit the result set to videos created before this date and time.
Timestamp sample

value: 12875
07036

ids string

Limit the
result set to
this list of
video
identifiers
(works only
with xIDs).

languages
string

Limit the
result set to
this list of
languages.
Language is
declarative
and
corresponds
to the user-
declared
spoken
language of
the video. If
you wish to
retrieve
content
curated for a
specific
locale, use
the
 localizati
on global
parameter
instead.
Sample

values:
`["fr","en"
,"it"]`

live boolean

Limit the
result set to
live
streaming
videos.

live_offair
boolean

Limit the
result set to
off-air live
streaming
videos.

live_onair
boolean

Limit the
result set to
on-air live
streaming
videos.

**live_upcom
ing**
boolean

Limit the
result set to
upcoming
live
streaming
videos.

**longer_tha
n**

string

Limit the
results to
videos with a
duration
longer than
or equal to
the specified
number of
minutes.
**Sample
value:** `3600`

mode

string

Limit the
result set to
videos of
this mode.
**Possible
values:**
`vod` or
`live`

no_live

boolean

Limit the
result set to
non-live
streaming
videos.

**no_live_rec
ording**

boolean

Limit the result set to live recording videos.

password_protected

boolean

Limit the result set to password protected partner videos.

private

boolean

Limit the result set to private videos.

search

string

Limit the result set to this full text search.

Sample value:

`football`

shorter_than

integer

Limit the results to videos with a duration shorter than or equal to the specified number of minutes.
Sample value: `60`

sort string

Change the default result set ordering.
Notes: The `relevance` filter can only be used in conjunction with the `search` filter.
Possible values:
`recent`
`visited`
`visited-hour`
`visited-today`
`visited-week`
`visited-month`
`relevance`

```
random
trending
old live-
audience
least-
visited
live-
airing-
time or id-
asc
```

tags string

Limit the result set to this full text search of video tags. By default perform 'AND' operation between terms. Use enclosing parenthesis '()' on the query to perform 'OR' operation. **Sample value:**
```
["party","
John Doe"]
```

**unpublishe
d**
boolean

Limit the
result set to

unpublished
videos.
